

EMERGENCY UNEMPLOYMENT COMPENSATION

The Emergency Unemployment Compensation (EUC) program ends on January 2, 2013. The latest federal legislation also made changes to Tier I and Tier III and to the number of weeks payable.

- The last payable week of EUC benefits will be the week ending December 29, 2012. There is no “phase-out” period after December 29, 2012.
- For individuals who already exhausted the maximum 47 weeks of EUC, no additional weeks are available.
- **New.** Tier III eligibility ends on June 23, 2012. Individuals must exhaust Tier II as of the week ending June 16, 2012 to be eligible for Tier III. Individuals who begin Tier III during the week ending June 23, 2012 or who were already on Tier III can continue to collect their remaining balance up to December 29, 2012.
- After June 23, 2012, no new Tier III can be established and the maximum amount of EUC payable in Hawaii is reduced from 47 to 34 weeks.

New EUC initial claims. Individuals must exhaust their Regular benefits with the week ending December 22, 2012 to be eligible for EUC. For individuals who apply for a new EUC claim during the week of December 24 to December 28, 2012, only one week is payable. All payments on EUC claims will end as of the week ending December 29, 2012.

Existing EUC claims. Individuals on existing EUC claims can continue to file their weekly or bi-weekly claim certifications to collect the remaining balance on their Tier up to December 29, 2012. Tier III is eliminated after June 23, 2012 but those already on Tier III can continue to collect their remaining balance. The latest extension has no phase-out period and all benefits will end as of the week ending December 29, 2012.

On February 23, 2012, President Obama signed the Middle Class Tax Relief and Job Creation Act of 2012 which extends the Emergency Unemployment Compensation (EUC) program from March 6, 2012 to January 2, 2013. This is the eleventh piece of legislation affecting the EUC program. This new legislation raised the high unemployment trigger from 6% to 7% for Tier III effective June 1, 2012 and will lower the Tier I benefits from 20 weeks to 14 weeks effective September 2, 2012. No additional weeks of unemployment benefits were added for those who already exhausted EUC benefits. **If you have already collected 47 weeks of EUC benefits, you are not eligible for more EUC benefits in Hawaii. After June 23, 2012, the maximum decreases to 34 weeks when Tier III is no longer available.**

WHY ARE SOME WEEKS PENDING EUC REVIEW AND NOT PAID?

All states are required by federal guidelines to conduct a review at the end of every calendar quarter on each EUC claim. This review is to determine whether you qualify for a new regular claim or can continue on your EUC claim. While the review is pending, continue to file your weekly or bi-weekly claim certifications. The local claims office conducts this review and will release payments after the review is done or advise you of your options regarding the continuation of EUC benefits or filing for a new regular claim. If you cannot continue on EUC and must file a new regular claim, this may result in a new lower weekly benefit amount.
